

Tiny Tots Music

Tiny Tots Music

Love of music is a life long experience-early childhood is the best time to start. Come join us for a **6-week** parent & child music and movement class. Explore vocal production through sing-along songs and rhythm patterns through instrumental play-alongs. Original and “old favorite” songs, sign language, puppets and various instruments are utilized to bring music to life in a mixed ages class, where every child participates at his/her own pace.
